#### I. Introduction

**A. Call to Order**

The meeting was called to order at 8:05 am.

**B. Invocation**

J. Moss gave the opening prayer.

**C. Announcements/Public Comment (Board has the right to limit time for each person/topic)**

No announcements.

#### II. Meeting Minutes

**Minutes from May 25, 2022 Meeting**

B. Marricle presented the May 25, 2022 minutes for approval. J. Moss made the motion to approve the minutes. L. McCravey seconded the motion. Motion carried.

#### III. Old Business

#### IV. New Business

**A. Medical Staff Report**

R. Morris, DO

Dr. Morris updated the medical staff report. There has been a slight rise, there were 10 cases reported this week. There are no local cases of "monkey-pox".

**B. Credentialing**

R. Morris, DO

1. New Appointments
   
   a. Bhavika Dave, MD (Direct Radiology)
   
   b. Lilith Judd, MD (Telestroke)

1. Reappointments
   
   a. Michael Gouvion, MD (Lubbock Radiology)

Dr. Morris presented the new appointments and reappointments for approval. J. Moss made a motion to approve the appointments as presented. L. McCravey seconded the motion. Motion carried.

**C. Mission Moment - Employee Health/Infection Control**

Kristen Perez

K. Perez introduced herself to the board. She takes care of employee health, infection control and setting up classes to get employees certification updated as needed. She also keeps up with employees immunizations. She kept up with employee covid cases and quarantine times. She coordinated employee covid vaccines. She also helped set up the covid vaccines for the community and tracks how many are given. These are then reported to the state each month. She keeps the employee portal up to date with policy and procedures.
E. Helms informed the board about grants and programs available for hospitals but it will take time to file and get return on investments. DSH program reimbursements are changing. There are several service organizations that we receive funds from throughout the year. The loan is to fund as needed throughout the year. This will be paid on as funds are received during the year. J. Cave made the motion to approve the line of credit. J. Moss seconded the motion. Motion carried.

J. Everett explained that CMH would like to continue bank depository agreement with West Texas State Bank. J. Cave made the motion to approve the line of credit. L. McCravey seconded the motion. Motion carried.

B. Kerr presented the Staffing Management Report. CMH has an average tenure of 5.9 years. We are encouraging staff to further education and move up in different positions. If we help with cost of schooling they sign an agreement to remain here at CMH for a certain amount of time. This is the first year we have had student internships. There is a great group of local students currently shadowing in different positions. We have CRNA student each month from Baylor. Radiology staff are working on cross training to cover each other when one is out. We also have an employee to train for scrub tech. We have offered incentive to employees to keep up there yearly screenings. CMH is in the process of moving employee benefits into paylocity. Paylocity has been a great time saver for department managers. We have also been posting employee notices in Paylocity. Turn over rate for last year was up from prior year. CMH has also taken a close look at nursing turnover.

E. Helms presented the LabMinds contract for nursing recruitment. This contract is for recruitment of 12 nurses. They will be doing job recruitment in the Phillipines the end of June. This company will then bring the nurse to US and train them as needed before sending to hospitals. This will cost about $136k for the first payment.

J. Everett informed the board about the server memory expansion. Due to hospital growth the servers have become overloaded and slower. More memory capacity will help speed up the process servers. This will cost about $51k.

E. Helms informed the board about the Tidal Basin FEMA application bid they received.

J. Everett informed the board about the server memory expansion. Due to hospital growth the servers have become overloaded and slower. More memory capacity will help speed up the process servers. This will cost about $51k.
